

Position: Overhead Technician/Linesperson

Location: Nunnery Depot, Sheffield

Hours: 40 hours. Permanent role.

Our in-house maintenance teams work together to safely maintain the Sheffield Supertram network, across 34 Kilometres of Sheffield. You'll carry out OHLE maintenance as part of a team. The role of OHLE technician is primarily one of maintenance, including inspection patrols, repairs and new installations of the overhead line equipment. Additional in this role you will be trained in all aspects of Supertram system maintenance through our internal training matrix.

This job will be a shift based rota including days and nights for the duration of the year operating in and out of service hours.

You should be conscientious, reliable and hardworking, making sure you only carry out work for which you're trained and competent. The health and safety of our passengers, colleagues and partners depends on everyone's individual contribution, so you must always work safely and in accordance with our procedures, method statements or other instructions.

The role of technician is a junior leadership role to provide expertise; and labour as required to carry out the duties associated with system maintenance, leading the working team whilst performing reactive and planned maintenance, diagnosing faults, carrying repairs and capturing the data involved with these actions, whilst providing guidance to Assistant technicians in their roles.

Ideally the candidate would already be working within a similar environment preferably with Highways experience.

You need to be:

- Punctual
- A good communicator
- Reliable and responsible
- Aware of safety matters
- Practical
- Experienced in construction
- Keen to develop new skills
- Willing and able to work shifts, including days, nights and weekends

You need to be able to:

- Work well in a team
- Work to set rules and regulations
- Work quickly and accurately
- Work outdoors and at height
- Deal with emergencies quickly and calmly

Necessary Experience

- Highways, Tramway or railway background
- Overhead line installation or maintenance experience of working in the OHLE environment
- Able to assess, understand and action technical procedures within the department
- Be able to work on their own initiative and as part of the team
- Full Driving Licence

If successful:

The successful candidate would enjoy a salary of £30K – £36K per annum DOE. Other benefits include free travel for you and your partner on all Stagecoach services, optional pension scheme and death in service benefit.
