Build your own Bus Station

YOU WILL NEED

- A large cardboard box-big enough to cut:
 - A Rectangle 40cm x 33cm for the Bus Bays and Floor
 - A Rectangle 83 x 10cm for the walls
 - 1 peice of A4 Sized Card for the Roof.
 - Card 10cm x 17. 5cm for the internal wall
- Scissors, glue, tape
- A printer
- Colouring Pencils or crayons (if you choose to use the B&W templates.)
- 8 peices of A4 paper to print the templates.
- Pen or Pencil for drawing around the Templates

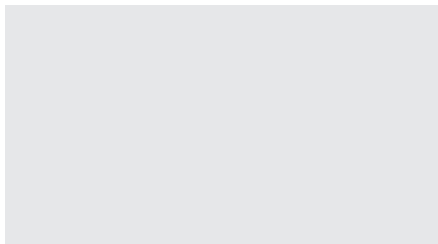

CUT OUT

1 Print out your downloaded templates on A4 at 100%. You can choose our pre-coloured design, or the black and white version and colour in yourself!

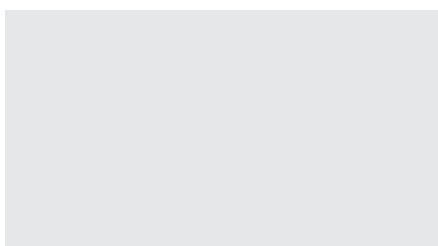

2 Cut out each template carefully with a pair of scissors - Remember to ask an adult for help!

3 Find a large cardboard box and cut out a rectangle of cardboard 83cm long by 10cm high. This will be your walls.

4 Measure fold lines at

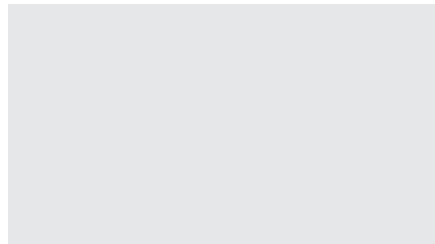

5 Cut a pace of cardboard 33cm wide by 4cm high. Place together the Floor Template (template 1) and the bus bay templates (templates 7 and 8) as shown.

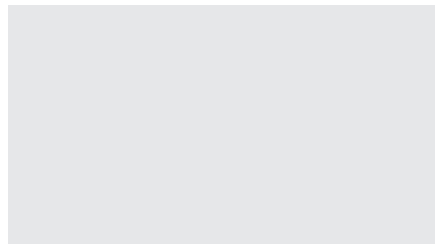

6 Draw around the templates and cut out. This will be your base.

7 On an A4 piece of cardboard draw around the Roof template (template 6) and cut out.

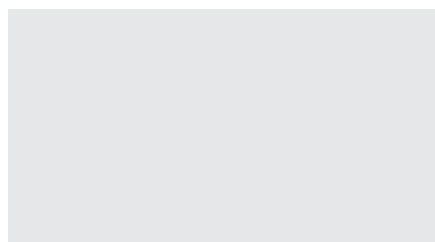

8 Cut out a piece of cardboard 10cm x 17.5cm, this will be your Internal Wall. Draw a line 3cm from the edge as shown, and fold.

FIX TOGETHER

9 Using tape or strong glue, attach the walls pace of card (83x10cm) to the base peke of card (33x40 cm)

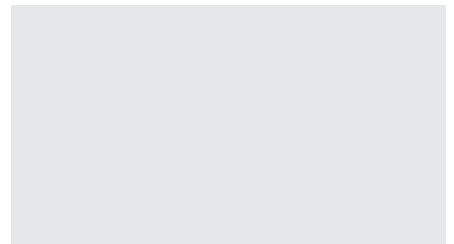

The folds you created earlier will follow the shape of the floor template as shown.

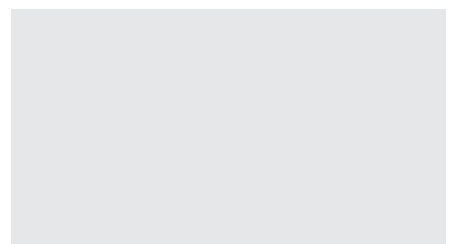

- Template 1 Floor
- Template 2 Wall 1
- Template 3 Wall 2
- Template 4 Wall 3
- Template 5 Wall 4 (Inside)
- Template 6 Roof
- Template 7 Bus Bays 1
- Template 8 Bus Bays 2 and Travelshop Wall

10 Decorate each piece of the model with your printed out templates-

- Stick down the floor section and bus bays with glue (templates 1, 7 &8)
- Glue walls 1-3 (templates 2-4) around the outside of the model starting at the beginning of the piece of card as shown.
- Glue the Roof template (template 6) onto the Roof pace of card.
- Glue the Wall 4 template (template 5) onto the inside of the front wall.
- Glue the Travelshop Wall template (template 8) onto the piece of card sized 10cm x 17.5cm

11 Glue the Internal travelshop wall Into place along the dotted line as shown.

12 Place your roof on top of the model

13 Finished! Now start to play. why not add Bus models to the bays to create a busy working bus station.
