

Stagecoach Christmas Baubles

Decorate your Christmas tree with this fun project you can make at home

You will need

- Scissors
- Glue or tape
- Printed templates
- Cardboard

Stagecoach Bus Bauble

1. Cut around Template 1 as shown and pierce holes.
2. Fold along all edges including the outer tabs as shown.
3. Stick tabs along each edge to form a box. Thread ribbon or string through top two holes to hang

Stagecoach Round Bauble

1. Cut around Template 2 as shown.
2. Fold each circle in half

- Once all of your circles are folded in half decide on the order you'd like the colours to appear. Apply glue or double sided tape to the back left half of one circle and also to the right half of another circle.
- Place the two circles side by side and stick the left half of the first circle to the right half of the second circle.
- Repeat this with all of the circles from the template until you run out, and then stick the last circle you attached to the circle you started with. Pierce a hole and run string or ribbon through the top to hang.

Stagecoach Star Bauble

- Cut around Template 3 as shown.
- Crease along each colour separation on the blue star you'll make 10 folds.
- Fold the outer tabs as shown.

- Repeat the creases on the green and pink star as you did in step 4.
- Both sides will now have a 3D appearance as shown. Apply glue or double side tape to the tabs
- Carefully stick the two stars together, with the tabs stuck to the inside of the blue star.

Pierce a hole and run string or ribbon through the top to hang.
